

Supertex inc.

Quality Policy

It shall be the policy and goal of Supertex, Inc. to deliver quality goods and services, consistently meeting or exceeding customer requirements by “doing things right the first time”.

In order to achieve this goal, the application of Quality Management Concepts, Statistical Process Controls, and a Continuous Improvement Plan shall be implemented and practiced throughout the Company.

It shall be every employee’s responsibility to participate in and support all of our efforts to make Supertex, Inc. a quality leader in our industry by giving our customers an ever-improving level of quality in our products, the lowest cost of ownership, and consistent on-time delivery.
